25X1	at dusk. Source determined that the board on some of the windows of the quarters, which were installed during the summer months, had been removed and the buildings occupied to capacity. On 13 and 21 October 255  On 20 October, 255  about 30 soldiers left the installation for the construction of field cables in the training area north of the installation. On 23 October, about 200 troops wearing red-bordered black epaulets and carrying carbines and submachine guns left the installation, heading for the training area in the northern sector of the billeting area. Officers observed wore tank insignia. The soldiers were very young; however, source could not positively determine whether they were recruits. On 25 October, 8 SU-76s were parked in front of the garages in the western section of the barracks installation. On 28 October, about 400 troops, apparently recruits, without weapons marched into the installation, coming from the direction of Satzeruits, marched into the installation, coming from the direction of the railroad25 station.
25X1	at dusk. Source determined that the board on some of the windows of the quarters, which were installed during the summer months, had been removed and the buildings occupied to capacity. On 13 and 21 October.    On 20 October,   25     about 30 soldiers left the installation for the construction of field cables in the training area north of the installation. On 23 October, about 200 troops wearing red-bordered black epaulets and carrying carbines and submachine guns left the installation, heading for the training area in the northern sector of the billeting area. Officers observed wore tank insignia. The soldiers were very young; however, source could not positively determine whether they were recruits. On 25 October, 8 SU-76s were parked in front of the garages in the western section of the barracks installation. On 28 October, about 400 troops, apparently recruits without weapons marched into the installation, coming from the direction of Satz form. At about 1 p.m. on 29 October, about 300 unarmed soldiers, apparently recruits, marched into the installation, coming from the direction of the railroad station.    On 30 October, the northern section of the Delius Kaserne was occupied by troops who were red-bordered black epaulets with artillery and motor transport insignia.
25X1 2.	at dusk. Source determined that the board on some of the windows of the quarters, which were installed during the summer months, had been removed and the buildings occupied to capacity. On 13 and 21 October.    On 20 October,   25     about 30 soldiers left the installation for the construction of field cables in the training area north of the installation. 	4.	On 30 October, the southern section of the Delius Kaserne was occupied to capacity. All quarters were lighted at dusk. On 19 October, 3 prime movers towing 122-mm field guns entered the installation, coming from Bornstedter Feld. On 22 October, about 60 soldiers wearing red-bordered black epaulets with artillery insignia marched to the installation from the firing ranges. On 22 October, 40 to 60 soldiers engaged in technical duty on 6 x 122-mm field guns and 8 prime movers in the barracks yard.						
	5.	On 30 October, the Hohenlohe Maserne was only lightly occupied. Sentries were red-bordered black epaulets with motor transport insignia. The quarters were about 20 percent lighted at dusk. No training activity was noticed in the billeting area.						
	6.	On 30 October, the Ludendorff Kaserne was occupied by troops who wore red-bordered black epaulets with artillery and motor transport insignia. On 19 October, the quarters were 30 percent lighted. The unit seemed to have returned to the post on 18 October. Imprints of tracks and guns led from the installation to the freight station at Wildpark. On 19 and 21 October, many soldiers were seen in the barracks yard. They carried boxes to the installation and engaged in reconditioning work. On 27 October, about 20 soldiers did maintenance duty on 5 prime movers. 2						
	7.	On 29 October, the Polizei Kaserne was occupied by about 400 troops. On 28 October, 28 soldiers left the barracks installation toward Potedam. No training activity was noticed in the billeting area on 28 and 29 October. 3						
	8.	On 29 October, the Adolf Hitler Kaserne was occupied by about 300 troops who wore red-bordered black epaulets with motor transport insignia. About 12 trucks practiced driving on Bornstedter Feld on 26 October and about 60 soldiers fell
